POSSUM BUCKS

The cash pages print each character's starting money together, already counted, in character order. Print the pages up to your last character, cut out each bundle and drop it in that character's packet. The last cash page is the bank: spare \$1 bills for change.

BEFORE THE PARTY

HOW LONG

About an hour for 8 guests and about two hours for 20, most of it folding envelopes and cutting money. Twice as fast with a helper (and a drink).

CHECKLIST

- ☐ **A week ahead:** send the invitations. Each one names the guest's character and what to wear.
- ☐ **Print** characters 1 to your headcount (four pages each: a card and three envelopes), the evidence, the extras you want, and the cash pages up to your last character. Plain paper is fine; card stock makes nicer money, name tags and awards.
- ☐ **Fold and seal the envelopes.** About a minute each: 24 envelopes for 8 guests (half an hour), 60 for 20 (an hour). A sticker or a dab of glue stick works instead of tape. No time? Fold each message in thirds and slip it into a real envelope marked with the name and number.
- ☐ **Cut out** the cash bundles, name tags, action cards and evidence. A paper cutter is much faster than scissors.
- ☐ **Make a packet for each guest:** the card, envelopes 1, 2 and 3, the name tag and the cash bundle. A paper clip or a zip bag each.
- ☐ **Put one action card in each guest's packet** (face down), and sort the evidence into three folders: Murder 1, 2 and 3.
- ☐ **Read this guide once,** and the minute-by-minute pages twice. Then do the setting-up list on the next page.

CHARACTER 7 · CORE

RAVEN DELGADO

The Goth Who Got Rich

You are Raven Delgado. In 2006 you wore black lipstick, a dog collar and the nickname 'Corpse Bride'. Now you own NOCTURNE Cosmetics, and the whole world wears your black lipstick. Forbes says you're worth \$400 million.

SHARE FREELY

Every goodie bag tonight has a free tube of NOCTURNE 'Possum Black' lipstick, from you. You flew in on your own plane. You're not here to make friends: you're here to be seen by everyone who was cruel to you.

WHO YOU KNOW

- **Brittany Kessler:** Invented 'Corpse Bride'. Smile at her.
- **Dustin Pike:** Posted your poems.
- **Tyler 'T-Bone' Haskins:** Four years of 'freak' in the hallway. Let him try it tonight.

DRESS THE PART

Head-to-toe 2006 goth or emo: black lipstick, eyeliner, a band tee, a choker; plus one very expensive accessory.

YOUR GOALS TONIGHT

- ☐ **CONFRONT:** Brittany: she started 'Corpse Bride'. Dustin: posted your poetry on MySpace in 2006, for the whole school. Tyler: called you a freak every day for four years.
- ☐ **FIND OUT:** Who in this room has never said sorry?

YOU START WITH: \$200 and a tube of black lipstick.

- ☐ **SIDE GOAL:** Spend at least \$50 tonight: buy, tip, invest. Get Brittany to say sorry with no camera on.
- ☐ **TONIGHT:** For the class photo, stand on the bleachers.
